

About **Matt Zenobi**

Matt Zenobi is the Lead Support Specialist and Systems Analyst, Student Services for Connect. He has been with Connect since 2006.

Matt received his Bachelor of Science in Information Systems from Mount Union College. He has provided software training and support for the Progressbook suite since the 2006-2007 school year and the PowerSchool suite since the 2012-2013 school year. Additionally, he provides support for IEP Anywhere, designs custom reports in SQL Server & Oracle, produces custom documentation, and provides level II support for various software packages. As lead support specialist, Matt has overseen the student services team since spring 2017. Matt's favorite aspect of student software is scheduling.
